Monday 19 March

AM First tee off time at **Ozaki Course**

The Ozaki Course takes advantage of dramatic terrain by playing largely through single corridor valleys offering elevated tees and fairways surrounded by native slopes. Like the Faldo Course, the intent was to leave as much native vegetation as possible to create a mature look when the course opened. Large areas of turf and wide fairways are punctuated by strategic bunkering, contrasting with tall slopes of native plants and trees. Dramatic long views into valley corridors, often including serene lakes, give the golfer a feeling of being surrounded by nature. Long and demanding from the back, yet very playable from the forward tees, the Ozaki Canyon Course tests all levels of play!

Tuesday 20 March

AM First tee off time at **Norman Course**

The 7,214-yard Norman Course reflects the perfect combination of golf course style and nature. The front 9 holes meander through mountain ridges and the hillside, while the back 9 holes are set in a valley. The narrow fairways, surrounded by long grass and dense forest vegetation contribute to the

course's difficulty index of over 150, which is one of the highest in Asia. Accurate golfing strategy is the key to conquering this 'Tournament Course'.

Wednesday 21 March

AM Tee off time at **Olazabal Course**

Jose Maria Olazabal's course at Mission Hills is his first in China. The design philosophy behind this course was to create a beautiful, unique, harmonious and playable course for all golfers. Olazabal's reputation as one of the game's best sand savers is reflected in this course at Mission Hills. The Olazabal Course is the longest at 7,400 yards.

Thursday 22 March

AM First tee off time at **World Cup Course**

Venue of the 41st World Cup of Golf in 1995, this masterpiece designed by legendary golf champion **Jack Nicklaus** is revered throughout the world as the most magnificent golfing challenge in Asia. This famous course is the first in China accredited by the US PGA Tour for major professional competitions. Many top players like Tiger Woods, Greg Norman have found this a great course to play.
